## CAREER OBJECTIVE

---

A motivated and detail-focused Front-End Developer with strong skills in React.js, Next.js typescript, Tailwind CSS3, SHADCN, CSS3, Redux Toolkit and modern JavaScript (ES6+). Experienced in translating UI/UX designs into responsive, high-performance web apps. Comfortable collaborating with backend teams and optimizing for scalability. Proficient in the MERN stack (MongoDB, Express.js, React, Node.js) with a passion for clean, reusable code and continuous learning.

## SKILLS

---

**Frontend:** React.JS, Next.js, Tailwind CSS, Daisy UI, Material Ui, SHADCN

**Backend:** Node.js, Express.js

**Tools:** Git, VS Code, Netlify, Figma,

**Database:** MongoDB, MySQL, Firebase

**Soft Skills:** Quick Learner, Active Listening, Team Player, [Problem Solving](#)

## PROJECTS

---

### Sure Life

[Live Link](#) | [GitHub\(Client\)](#) | [GitHub\(Server\)](#)

A role-based insurance management platform built with the MERN stack, designed to streamline policy applications, agent interactions, and administrative oversight. [ *Ongoing Project,90%completed* ]

#### Key Features:

- 1.Secure Stripe integration for real-time policy payments
- 2.Dedicated dashboards for admin, agent, and customer roles
- 3.Claim submission and review workflow with status tracking.

**Tech Stack:** React.JS, Express.JS, Firebase, MongoDB

### Tour Nest

[Live Link](#) | [GitHub\(Client\)](#) | [GitHub\(Server\)](#)

Tour Nest is a travel booking web app with a responsive user interface, dynamic tour displays, intuitive navigation, and seamless interaction with backend APIs.

#### Key Features:

- 1.Responsive and intuitive user interface
- 2.Booking management with CRUD operations

**Tech Stack:** React.JS, Express.JS, Firebase, MongoDB

## Tree Plant Store

[Live Link](#) | [GitHub\(Client\)](#) | [GitHub\(Server\)](#)

A responsive web app for browsing and exploring tree saplings with smooth UI, dynamic data fetching, and seamless integration with backend APIs.

### Key Features:

- 1.Responsive and user-friendly UI.
- 2.CRUD-enabled dynamic browsing via backend APIs.

**Tech Stack:** React.JS, Express.JS, Firebase, MongoDB

## EDUCATION

---

### BSc in Computer Science and Engineering

2021 -2025

International university of Business Agriculture and Technology

CGPA: 3.73(Last Semester)

### Higher Secondary Certificate ( HSC )

2018 – 2020

Rajshahi Cantonment Board School and College

GPA:5.00

## EXTRA CURRICULAR ACTIVITIES

---

### Academic Mentor (C, C++ Programming Language)

International university Business Agriculture and Technology

2022 -2024

## ACHIEVEMENTS

---

### Award For Academic Excellence

Achieved a perfect SGPA of 4.00 out of 4.00 in the Summer 2023 semester, demonstrating academic dedication and consistent excellence in all enrolled courses. Maintained top grades across all subjects, showing strong discipline and commitment to learning.

## LANGUAGES

---

**Bangla** - Native

**English** - Comfortable
